

World Peace begins at Home

My heart sings softly and deliciously  
An epicenter of World Peace  
Reaching out and out and out

Yours too  
Yours too  
Yours too

Iktomi Spider Woman wove the world into being  
Together we can weave sweet peace  
A net of gratitude and love  
Respect and caring  
Feeding peace  
Out and out and out  
Encompassing  
All of life itself.
